7 June 1957

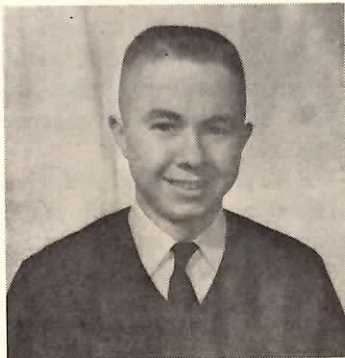

## SCHOOL'S OUT!

### BÜTTNER, KELLY HEAD CLASS OF '57

Peter Büttner has been named valedictorian of the Class of '57 and Russell Kelly is salutatorian of the class, Mr. Hill, Principal, announced on May 29.

"Pete," 18-year old son of Col. and Mrs. Louis Büttner, USA Adm. Cen., Hiyoshi, was born in Chicago and also attended Leavenworth Senior High School in Kansas and Falls Church High School in Falls Church, Virginia. His average for four years of high school is a most remarkable one: he has only one "B" to mar a straight "A" average. Pete has been awarded a scholarship at Massachusetts Institute of Technology.

Russ is the 17-year old son of Col. and Mrs. Ellsworth Kelly, Dental Section, Headquarters, Camp Zama. He attended DuPont Junior High in Fort Lewis Washington, and Mountain View High School in California. Russ has been accepted at the University of Pennsylvania.

Peter Büttner, Valedictorian

Russell K. Kelly, Salutatorian

### Principal's Sayonara Message

*As another school year comes to a close I wish to extend to both faculty and students my appreciation for your cooperation in making this school year a pleasant and successful one.*

*To the seniors who are leaving, my best wishes for success in your chosen field.*

*To the faculty who shall not return best of luck wherever you are, I enjoyed working with you.*

*Last, but not least, to the students and faculty who will return for another year we shall look forward to seeing you in the fall.*

Ernest A. Hill

### YO-HI ANNUAL DISTRIBUTED

The 1957 Yo-Hi Annual was distributed last Friday during the sixth period.

The red brocade cover immediately lighted the eyes of its proud owner. The record of the school year has been well organized into a 260-page book which all will treasure

Much credit should be given to the efficient staff for a job well done.

### SENIORS HOLD BREAKFAST

The last official function of the Class of '57 was the breakfast held this morning at the Seaside Club. Members of the class and the sponsors attended.

## COMMENCEMENT, BACCALAUREATE EXERCISES HELD; GRADUATES RECEIVE DIPLOMAS

Chaplain William C. Ford addressed the Class of 1957 at the Baccalaureate Services which were held Sunday evening, June 2, at the Yokohama Chapel Center. Yo-Hi's Mixed Chorus rendered a selection during the services.

The Class of 1957 received diplomas at Commencement Exercises held Thursday evening, June 6, in the Yokohama Chapel Center.

The Senior class roll includes:

John Andrew Allgair, Christine Amato, Seol Bong Anderson, David Burke Ates, Donald H. Beardsley, Dudley Knute Beck, Carol L. Bottomley, Elaine Dorothy Booth, Phillip Yeager Browning, Peter Büttner, Marion Walker Choate, Constance H. Christiansen, William D. Cory, Gretchen Janet Culpepper, Ellsworth Cundiff, David Oliver Degelman, Catherine Doherty, Neal Holland Duncan, Patricia Fleming, Thomas Robert Garren, William Crandall Gemershausen, Francis G. Hall, Jr., Rosemary M. H. Hu, Robert Roy Huddleston, Robert Edward Hurd, Marilyn A. Johnson, Jamie Newell Jones, Jackie Anne Jordan, Jeanne Ellen Katalinas, Russell K. Kelley, Barbara Ann Kendall, Harriet G. Krepps, Alice Carey Kromer, Alice Faye Lappin, Jane Y. Lee, Sandra Marie Mathers, Charles William MacIlvaine, Jr., Sally McGarry, Donn Gibson Miller, Samuel G. Milwit, Sanford

C. Milwit, Virginia K. Murphy, Robert E. Payne, Robert H. Peal, Susan B. Perry, Charles Gordon Rabinowitz, Nancy S. Ruehlow, Michael Smith, David Sneen, Christine Steere, Monica Jean Sundet, Phyllis Lee Sussman, Barbara Tavel, Karen Taylor, Jewell K. Thiel, Mary Margaret Thomas, Marianne Toth, Richard Toth, Dennis Shaw VanLiew, Charles William Richard vonRadesky III, Judith L. Waiswilos, Robert Charles Webster, Robert L. Woodward, Betty Lee Woodrow, Robert Hunter Yott.

### EIGHT SELECTED FOR HONOR SOCIETY

Four juniors and four seniors were selected to become members of the Yokohama chapter of the National Honor Society.

Donn Miller, president, Rosemary Hu, secretary-treasurer, and Frank Hall were selected for membership last year.

Yo-Hi seniors chosen were Peter Büttner, Russell Kelly, Christine Steere, and Barbara Kendall.

Ray Franklin, Gayle Fleming, Auburn Spencer, and Christine Matthews were selected from the junior class.

REPORTERS

Carol Briggs Dorothy Berger  
Judy McDonald Faye Wilder  
Gretchen Culpepper Barbara Boyle  
Linda Davis

The publication of the school paper began slowly this year, but once it was organized and arrangements for financing it were made, we were able to publish eight issues of school news. Certainly there is room for much improvement, but the staff has tried to give you the best we could under the circumstances.

We take this opportunity to express our appreciation to those who have contributed to it in any way. Our best wishes go to the graduates as they take leave of high school days. To those who will return in the fall, we extend our wishes for an enjoyable vacation and hope that you may be interested in the school publications again next year.

## CLUB ACTIVITIES SUSPENDED

The Yo-Hi extra-curricular clubs program suspended meetings after May 31. Ed Van Tassel has been coordinator for the program which was sponsored by the PTA.

Lars Barker, David Carter, and Marguerite Sparks, members of the Swimming Club, demonstrated their talents at dry diving on the trampoline at the May PTA meeting.

The students have enjoyed the Clubs program and it is hoped that the program will be resumed in the fall.

# SENIOR CLASS PROPHECY

Let's look into the future (about 1992) and see how things are turning out with the Class of '57.

BOB WOODARD, JAMIE JONES, and SAM MILWIT have just finished designing the ultimate in automobiles, a super-jet that goes over the top of cars instead of passing.

CHARLES RABINOWITZ and RUSS KELLY, who discovered the cure for the common cold, have just opened a new clinic with GRETCHEN CULPEPPER, ALICE LAPPIN, and MARRIANNE TOTH employed as nursing supervisors.

BOB HUDDLESTON was doing fine as a game warden until he was caught poaching on his own reserve by two up-and-coming forresters, ROBIN YOTT and JOHN ALLGAIER.

The world-renowned missionary-doctor, JANE LEE is now pushing her way through the Belgian Congo to join MARION CHOATE, also a missionary.

ELIC CUNDIFF, a famous criminal lawyer, was just appointed justice of the Supreme Court.

SALLY MCGARRY and SEOL ANDERSON (both mathematicians) and PETE BÜTTNER and SANDY MILWIT (electrical engineers) all got together and came up with the newest prototype electronic brain.

And while JEANNE KATALINAS tours Europe visiting with royalty, MARILYN JOHNSON, an ordinary housewife, drudges through the dishes.

PHYLLIS SUSSMAN is still running around Nikko collecting little blue dogs.

DONALD BEARDSLEY, now a successful businessman, is out buying a "Grey Flannel Suit."

ROSEMARY HU is the chairman of the new economics council of the United Nations. BETTY WOODROW is her interpreter. MARY THOMAS is taking care of public relations for her.

BARBARA TAVEL (remember that flighty red-head?) finally settled down to be a kindergarten teacher. She's had the same job for twenty years. CHRIS STEERE is giving post graduate courses in kindergarten at Washington State.

ALICE KROMER, phys. ed. teacher, and BILL CORY, physics teacher, are now teaching at Yo-Hi. They couldn't stand to leave the old alma mater.

RICHARD TOTH started a new band last year. Elvis Presley is with him, trying to make a comeback after he lost popularity with the latest sensation, MIKE SMITH.

DUDLEY BECK has his hands full as a veterinarian at Yellowstone National Park taking care of the mooses (or is it mices?).

Thanks to FRANK HALL, a chemical engineer who produced a method of making salt water taste like beer, you can now walk across the Pacific Ocean.

DONN MILLER, Commanding General of the U. N. Forces, Far East, has a new aide, PHIL BROWNING.

BOB WEBSTER just finished giving false teeth to CHARLES MacILVAINE, the new Commander, Naval Forces Far East.

Admiral MIKE von RADESKY, assisted by his aide, Capt. DENNIS VanLIEU, is the new Chairman of the Joint Chiefs of Staff.

DAVE ATEs and BOB HURD just finished a merger between their respective breweries. NEAL DUNCAN is their number one taster.

SUE PERRY made a fortune selling kisses at the World's Fair. JUDY WAISWILOS was there modeling bedspreads.

GINNY MURPHY is star of a new musical on Broadway. DAVE SNEEN did the arrangements.

CONNIE CHRISTIANSEN is now a successful commercial artist with ELAINE BOOTH as her secretary. PAT FLEMING, CHRISTINE AMATO and BARBARA KENDALL tied for first place in the "Best Mother of the Year" Contest.

CAROL BOTTOMLEY is now appearing on Television regularly. She advertises earrings.

WILLIAM GEMERSHAUSEN just discovered a new planet, Astrophobia. HARRIET KREPPS, his once-able assistant, is now selling hot water bottles.

DAVE DEGELMAN, a famous basketball coach, has a new star, BOB PAYNE, who is 6 feet, 4 inches.

After NANCY RUEHLOW got "finished" at Stephens, she went to model for JEWEL THIEL, a very successful designer.

KAREN TAYLOR is now in Japan as Commander of the Women's Marine Corps in that area.

BOB PEALE is still playing pool on vacations while MONICA SUNDET is teaching horseback riding from a pillow on the sidelines.

SANDY MATHERS has a profitable business on New York's Fifth Avenue, selling samurai swords.

JACKIE JORDAN, with fourteen children, heads the list of successful married alumni.

KATHY DOHERTY has found at last a profitable career as fashion editor for "Mad" comics.

It looks as if the class members have fared quite well during the decades since their graduation from Yo-Hi.

—Gretchen Culpepper

## AWARDS ASSEMBLY TODAY

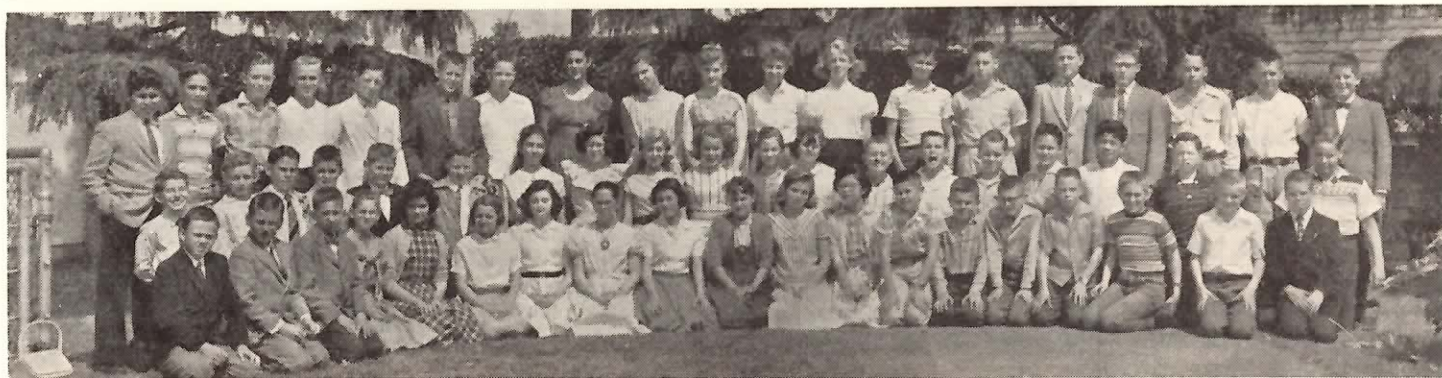

The last function of the school year was the awards assembly held at nine this morning. Letter awards for athletics, senior honors, and G.A.A. awards were among those presented.

# NEGISHI NUGGETS

Vol. IX, No. 8b

Yokohama American Schools, Yokohama, Japan

7 June 1957

## HIGHLIGHTS OF THE SIXTH GRADE YEAR

One of the highlights of the sixth grade year was the Kabuki play given by the fifth and sixth grades of Mrs. Bohart. It was written by Mrs. Bohart, and taken from the fairy tale Rapunzel. Traditional Kabuki form was used.

Miss Smithey's class went for a field trip to see the S.S. President Wilson. They got some souvenirs such as ashtrays, postcards, and paper napkins. They were shown around the entire ship.

Some of the sixth graders of Negishi School are Honor Guards. They keep order during recess and before school time. The Captains are Leonard Martin, Bill Maack, and Patsy Thomas.

The sixth, fifth, and fourth grades went to an art meet at Nogyama Zoo. The students who were chosen to go got free paper on which to draw, orange juice, candy, and a scrap book for the school. After the drawing period the Americans exchanged pictures with the Japanese children. Following this all the students danced folk dances.

All the sixth graders are looking forward to seventh grade. We hope Negishi will miss us after this year.

### SPRING

Spring is the time flowers bloom,  
The leaves on the trees are green,  
Grass comes up from the muddy ground,  
And many birds are seen.  
Animals come out of their dens,  
Where they had slept before  
The spring's warmth came upon their house  
And opened up the door.  
Polly Quick, 5F

### THE LITTLE RABBIT

Once There was a little rabbit. He lived in The City. One day He ran away from home. He went to The Woods. He went to see Mother Rabbit and her baby rabbits. The little rabbit said I want to live with you Mother rabbit. All right said Mother Rabbit come with me and my babies and they lived happily ever after.

Chris Lovell, 1Sc

### IT'S SPRING

People are laughing,  
And people are singing,  
Even the grasshoppers are saying one thing,  
"All the world knows  
It's spring!"

Bill Rzy, 4C

### FRISKY KITTEN

I saw a Frisky Little Kitten. It was a cute little kitten. It was white. I saw a frisky dog that has babies. The mother cat is a gray old cat but it is cute too.

Marilyn Cann, 2Sc

### LIFE IN THE MOUNTAINS

Once on the side of a mountain there dwelt an old man and his wife. One day when the sun was shining and the sky was blue, the husband said to the wife, "Let us build a boat. It will be done before fall. We will find a river and sail in the water."

The next day the woman said, "Today we will build a boat." Then she put her hand on a tall stout sapling and said to her husband, "Cut this down and make a boat out of it." So they cut this and it fell fast and finally it just hit the ground with a dull thud.

That tree was really falling fast, said the man.

Anne W. Quick, 2C

### MOTHER'S DAY

Mothers are wonderful,  
Mothers are sweet,  
Mothers are good and kind.  
But there is no other mother in all the world,  
Half so nice as mine.

Dick Thomas, 3L

### BOY SCOUT CAMPOREE

The Boy Scouts met each other at the Hut on May 3, 1957 at 8:00 a.m. prepared for three days of camping. We got on the bus at 9: a.m. and we got to Camp Drake at 12:30 p.m. We were lined up according to patrols, Col. Webber welcomed us to the camporee. Then we hiked to our camping area, and we set up our tents according to our patrols. We started our fires and we cooked our lunches.

The next day most of us were so cold we got up between 3 a.m. and 4 a.m. and started our fires to get warm. About 2 p.m. assembly was blown by the troop bugler to go to a scout skills program. Next day was very windy in comparison with the other days. We had lunch, and about 2:30 p.m. we broke camp and moved out for home.

DIRK POWELL &  
STEVE HILL

### THE MANY-COLORED BOX

Chapter 3

As they were walking home Jill said, "Let's get some pogo sticks so we can get home faster." Jack said okay and before you could say Jack and Jill they were home.

Then they told their mother all about their adventure. She believed it all, too. That wasn't all their adventures, either. They had lots more. And they always went to the haunted house after that.

THE END  
Penny Phillips, 4S

## "SAYONARA"

When June 7th rolls around there will be happy boys and girls, because J-U-N-E spells "Vacation"; however we Sixth Graders find ourselves in a different category, because we will be saying "Sayonara" to our Elementary School Days at Nasugbu Beach!

We have enjoyed learning fractions and decimals; perimeters and areas!

Our Social Studies about Lands Overseas has been very interesting because we have been living in that "Far away Japan", enjoying its culture and customs, about which we are studying!

We liked our experiments in Science and have discovered a new microscopic world with the new microscopes.

It has been a good, fun year, and it is with a touch of sadness that we say "Sayonara" Miss Scholl, and Nasugbu Beach Elementary School!

The Sixth Graders

## A TRIP TO SANKEI-EN GARDENS

Miss Graves and Mr. Stalling and their classes took a hike to the Sankei-en Gardens on May 10, 1957. When we arrived it was about 1:00. Then we walked through the gate, passed a few ponds, and stopped.

They told us what to do and we scattered all different directions.

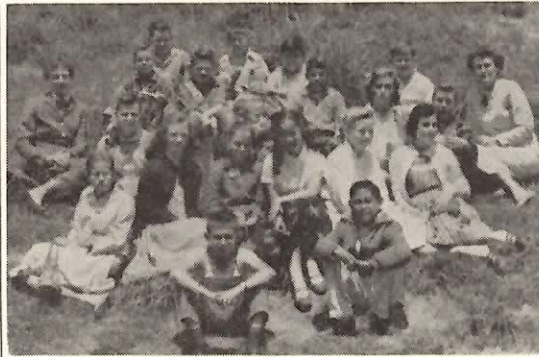

Most of the people went to the Beach first, then went to a Pagoda on a very high hill. It has been sealed for five years, but was built in the 1400's and is still in good condition.

Then at 2:40 we decided to come back to school. Some people bought toys, fish nets, candy. We came back from a wonderful trip.

## A CHEMICAL GARDEN

Come to Room 119 if you want to see our latest experiment. We took a lump of coal and poured over it a mixture of ammonia, salt, bluing, water and vegetable dye. Now the coal has many colors.

MISS MAY, Room 119

Miss Graves' Class

Mr. Stalling's Class

Pictured above are the two Sixth Grade classes.

## SAFETY PATROL RECEIVES AWARD

The Nasugbu Beach Elementary Safety Patrol Boys were awarded a letter of commendation by the Kanagawa Prefectural Public Security Committee on May 15 at the Spring Traffic Safety Driving Meeting. The commendation says: "You are constantly performing an excellent job in keeping traffic order and for other traffic safety measures and it is highly recognized that you have established an example for others by your fine conduct.

The Safety Patrol Boys were represented at the Meeting by Arthur Spencer, Nels Pierson, Miss Scholl, and Mrs. Guice. They were presented a lovely Japanese doll—"The Wisteria Girl", and rice cakes. We are very proud of this commendation.

NELS PIERSON,  
Safety Patrol

## A VALUABLE POSSESSION

I own my head. My head has eyes, nose, mouth, ears, and hair on the top of it. I have had my head for eleven years, seven months, and twelve days. I don't know how long I will have it. Maybe somebody will take it away from me.

Inside my head are brains (I think). Those brains control the organs of my body.

My head is a hard head. It has had many injuries but it is still in one piece.

JOHN FITTZ Grade 6

To the Sixth Graders,

*The best of luck and success to all of you as you leave Beach Elementary and enter Junior High.*

*It's been a most successful school year mainly because of the good citizenship standards set by you older students.*

*Continue your high standards throughout life! You will be greatly appreciated, and you will be a valuable American citizen.*

Miss Scholl

## ESTEEMED CLASSMATE DEPARTS

Tee Hadley probably had one of the most overwhelming departures any pupil could ever have. He left on the Anderson May 14, at 1:15. Both 6th Grades, Mr. Stallings and Miss Graves rooms assembled up on the little hill back of the second grade play ground. All of the pupils brought with them a piece of white paper to wave. Several girls reported that they saw Tee waving a white object on board the ship.

GARY HASTING & BILLY  
Sixth Grade PRIEST,

## A POEM

May

May, May, May, has nothing much to say  
The reason is because we go to school the whole long day.

June

I like June best of all,  
For I can play till mother cal's.

July

Firecrackers come on the Fourth of July,  
So you can see sparks in the sky!

BILLIE HARRELL, 4th Gr

## BATHLESS NED

There was a little boy named Ned. When people saw him they laughed and said, "Look at Bathless Ned!" One day Ned was out walking. He walked by a farmer who threw corn seeds on Ned. Ned was so dirty that the corn grew on him. Every one watered the corn by giving him a surprise watering. Every fall the corn would be picked and given to him for supper. One day he leaped into the tub and washed himself and scrubbed himself until he sparkled. Then he was named Sparkling Sam. When people saw him they said, "Look at that clean boy!" That made Sam feel good.

DANIELE FINAN,  
Grade 4

## BOXES FOR THE NEEDY

The Junior Red Cross has been issuing boxes to fill for needy children. We are to fill the boxes with: Educational Items, Health Items, and Comfort Articles, and Toys and Personal Items.

We all hope everyone brings something for the needy children.

CATHY HAYASHI  
Rm 307-5th Grade  
Mrs. Guice

## SENIORS ACCEPTED BY COLLEGES

Although many seniors have made application to colleges and have intentions of continuing their education, the following is a list of those who have been accepted for admittance to their respective schools:

Phil Browning, U.S. Military Academy Prep School; Peter Büttner, M.I.T.; Frank Hall, Rutgers; Rosemary Hu, Goucher College; Jamie N. Jones, Tulane University; Russell Kelly, University of Pennsylvania; Barbara Kendall, Purdue University; Donn Miller, U.S. Military Academy at West Point; Nancy Ruehlow, Stephen's College; Christine Steere, Seattle Pacific Hood College or Goucher College; Mike vonRadesky, U.S. Coast Guard Academy; and Betty Woodrow, Purdue University.

## RED CROSS ORGANIZES IN KANTO AREA

The Kanto Red Cross Area was formed at an organizational meeting held at Yoyogi Dependent School on May 28.

Representing Yo-Hi at the meeting were Mr. Marse, JRC sponsor; Russell Bloodgood, Donna Smith, and Mike Seaman, student representatives; and Mrs. Potter, coordinator of Junior Red Cross activities.

### Class News

by Max Horn of Miss Dyar's Room

During a class meeting we discussed the class project we are going to have. We finally decided to go swimming at Atsugi, Sagamihara, or Camp McGill.

The Junior High reporters are: Front: Gordon Marchant, John Thomas, Jack Sands, James Fittz, and Max Horn; Back: Terry Probst, Carol Gunning, Diane Romane, Kathy Quick, and Heather MacLeod.

## JUNIOR HIGH REPORTERS

### THE CAMPOREE

by Max Horn

The Boy Scout Camporee was held at Camp Drake from May 3 to 5. We had lots of fun out there. This is what we did.

Friday morning at 7:30 we met at the scout hut and got ready to go. At nine we left. When we got there (Camp Drake) we had inspection, set up our tents, and started our fires. Later we made our supper. After this we told stories around a troop campfire, and then we sat around until Taps was blown.

The next morning we made breakfast and had inspection by a general.

That night we had a big campfire. There were Indian dances and skits. Then we went to bed and read comics.

The next morning we had breakfast and then we all went to church. Later we broke camp and left.

### Jr. High Council News

The Junior High had a little over \$15 left from their dance, the "Bunny Hop". The Jr. High Council decided to divide the money after a present was bought for Mr. and Mrs. Kojima, who helped with the dance. This money will be divided between the 8th and 9th grades to start the coming year.

The people in the above picture were not always reporters for the Junior High page in the YO-HI ECHOES. At the beginning of the '56-'57 school year, Leonard Sellers wondered if the Junior High could have its own newspaper. He investigated the possibilities and since it was all right, the first and only issue of the "Junior High Gazette" was mimeographed on October 31, 1956. However, it was soon discontinued because the junior high classes were invited to have a page in the YO-HI ECHOES. They did, and, thanks to our sponsor, Miss Mirault, have succeeded in getting material for this page.

### The Month Before Summer

By Ken Grandia

It's the month before summer  
And the kids are all good  
Thinking the teacher would fail them,  
But I don't think she would.

Instead of dreaming  
Of the forthcoming rest,  
They're minding their P's and Q's  
And doing their work best.

The teacher thinks that  
They have a quirk  
When all of them  
Hand in their homework.

It's getting near  
The end of the year  
When swimming's more fun  
Than coming back here!

## JUNIOR HIGH News and Notes

### Our Field Trip

By Heather MacLeod

Miss Mirault's class went on a field trip to Enoshima and saw many kinds of fish. After we left the aquarium, we walked across the bridge and hiked up the mountain to the picnic grounds. A few of the children went up to the top of the observation tower and looked over the islands.

We went shopping on our way down the mountain. We got on a bus and rode to Kamakura where we went into the shrine to see the Buddah. While we were there, an old woman came and gave an offering to Buddah. A great number of the class was watching her because she was very interesting. Some of the class climbed a hill behind the Buddah to see some birds building nests.

### KNOW YOUR TEACHERS

Mrs. Dunlap was born in San Antonio, Texas. She later moved west to Alpine. In Alabama she married a captain in the army who was in the Medical Detachment. She has two sons, aged 10 and 13.

She has a B. S. and Master of Education degrees from Sul Ross Teachers College in Alpine.

Her hobbies are swimming, fishing, and attending plays. Mrs. Dunlap has just recently left for the States.

\* \* \* \* \*

Miss Mirault was born in Schenectady, New York. She graduated from Russell Sage College in Troy, New York.

Miss Mirault's favorite subject is English. She likes to collect kokeshi dolls.

She plans to teach seventh grade at Yo-Hi next year. Her ideal student is one who tries his best.

The answer to the student interview in the last issue is Karen Page.

## JUNIORS GIVE DIVIDEND; REVIEW YEAR'S EVENTS

The main event of the Junior Class was hosting the seniors at the annual Junior-Senior Prom. It was held at the Golden Dragon Officer's Club on May 3 with dancing following the 7:30 dinner. Tommy Palmer's band played in Hawaiian dress to carry out the theme.

By raising more than sufficient funds to entertain the seniors, the class treasury boasted a \$247 surplus. Each person was refunded \$2 unless he wished to contribute it to the treasury to be carried over to next year. Over \$100 was left to start the senior activities in the fall.

Part of this year's funds came from selling pepsis. Jerry Jackson and Harold Eubanks headed the committee and did the majority of the work selling them.

Carol Briggs, prom chairman, has expressed her thanks to all her committees which were responsible for the smooth running of the prom festivities.

### Sophomores Give Sayonara Dance

The sophomore class gave an all school dance which was the last school event of the year. They used a Japanese theme and had a Fugi all of their own. Refreshments were served and a few novelty dances were offered.

Miss Grove, Miss Edwards, and Mr. Swanson were the chaperones for the dance. The sophomores provided tables to sit at instead of the usual chairs for the dancers. This was something new at YO-HI. It was very successful and it is hoped that the future planning committees will use this idea.

### Semester Exams Given This Week

The exams at Yo-Hi began June 3, when tests for Periods 1 and 2 were held. Third and fourth period exams were held on Tuesday with fifth period exams on Wednesday morning. That afternoon everyone turned in his books.

### GAA Performs for PTA

The G.A.A. presented an entertaining program to the Yo-Hi PTA on May 27. The girls did some folk dances and tumbling events and played exhibition games of volleyball and basketball.

Queen Nancy Ruehlow and her attendants, Virginia Murphy and Sue Perry, are shown with their escorts after the queen's coronation.

### JRC SELECTS DELEGATES

The Junior Red Cross Council chose Russell Bloodgood and Donna Smith to represent Yo-Hi at the Leadership Training Center which will be held at Gifu, July 24-August 2.

Forty American JRC members from dependent schools in the Philippines, Okinawa, and Japan are invited to the Training Center.

### Music Program Held

"God's Trombones" and "Cumberland Fair" were held May 14 in the YO-HI gym. It was well attended and enjoyed thoroughly. God's Trombones was a very dramatic, spiritual number and Cumberland Fair was a light comedy.

### Latin Classes Hold Banquet

The Latin classes gave a Roman Banquet on May 8, at five o'clock. A three-course dinner, complete with red wine (grape juice), and including ham and shrimp as the main course was served.

Real Roman entertainment

## YOKOHAMA BOWLERS DOWN ZAMA

Mother's Day, May 12, brought the top five bowlers of Zama to meet the top five bowlers of Yokohama for a play-off. In the two previous matches each team had a four won, four lost record.

Zama took the first game and it looked like a sure win, but bounding back from poor scores in the first game, Yokohama took the next two games as well as total pins thus giving the Yokohama Teen-Age Bowling League an eleven to eight victory.

Bob Payne and Frank Hall were the big guns for Yokohama both battering 550 series.

Next the Yokohama bowlers will have a match with the Narimasu teen age club early in June.

Social highlight of the school year was the Junior-Senior prom held at the Golden Dragon Officer's Club on May 3. The receiving line included the Junior class sponsors and president.

One of the tables has that contented look. Was it the food, the music, or the company?
