

DEADLINE MAILING DATES?

71-72

To help insure that your Christmas mail reaches its State-side destination in time, the U.S. Army Postal Service Center at Yokohama has provided deadline mailing dates for U.S. personnel.

The latest date one should mail letters and parcels will depend upon the type of article. The earliest deadline is November 12, for surface mail. This is parcel post, items too large to be sent as space available mail or parcel air lift. Maximum weight for surface mail is 70 pounds, while maximum combined length and girth is 100 inches.

Space Available Mail (SAM) and Parcel Air Lift (PAL) items should be sent by December 1. SAM items are small parcels under five pounds in weight and 60 inches in length and girth. PAL parcels may weigh up to 30 pounds with 60 inches length and girth. PAL parcels cost a dollar more than SAM items because they are flown to the nearest air mail terminal in the United States, whereas SAM articles are flown only as far as Seattle or San Francisco.

During the Navy Day Weekend a lot of things will be going on, but highlighting the whole thing will be the Navy Day Ball scheduled for Saturday, Oct. 14 beginning at 9:00pm. Entertainment will be Peggy March accompanied by the New Breed Orchestra. Later in the evening Japanese Western singer Tomi Fujiyama accompanied by the Hometowners will be performing.

The rumor going around that there will be a cafeteria on the third floor is just that—a rumor. Many people have been told that there will be one, but due to health regulations it will not open. The only time anyone will be able to get "munchies" will be when the classes have their bake sales, and when the Student Lounge opens.

Ann Schwartz, our new Commissioner of Student Life and Assemblies states that we are allowed to have one assembly a week. "Last year due to many problems and disturbances (like moving to Yokosuka) we did not have as many assemblies, but this year will be different."

Ann says that putting on assemblies every week could be hard, with short weeks, testing, etc., but hopefully we can schedule one a week "with lots of work and new ideas." She is planning assemblies with more student involvement, something along the lines of "Something #1."

Our new commissioner would like the students to have more suggestions and criticisms about anything that bugs them. This will make it a lot easier for her to know exactly what the students want or don't want. Ann invites any student or students who want to put on an assembly of their own to feel free to suggest programs.

JAPANESE PHRASE OF THE WEEK

WHAT KIND OF A BUS DRIVER QUESTION OF THE WEEK DO YOU HAVE?

LETTERS TO DOCTOR CHIEKO...

What do you think of your bus driver?

I-1 Frances Hachiya--He's okay.
 I-2 Mary Hartman--He's okay some of the time but he can really give you a hassle. He loves to go over bumps.
 Roy Murakami--I think that our bus driver cares more what is going on in the back than on the road. It also seems to me that he is _____, because he is such a tight _____.
 I-5 Lois Maslowski--Mine's the best bus going. No bus can ever take its place. Only the COOLEST people ride it. Also it has the coolest bus driver.
 I-6 Viki Smith--I don't really know 'cause I hardly ever ride it but he seems okay.
 I-7 Ronald Murakami--It's my first time to ride I-7 because I was riding I-4 last year. The bus driver's okay but he comes too early. I have to run everyday to the bus stop. He loves to go over bumps full speed in order to let everyone jump off their seats.
 Glenn Davis--Our bus driver is the worst one of all the bus drivers. He gets to the bus stop about five minutes early so usually the bus is not crowded so much. It seems like he doesn't know how to drive the bus. He is a real _____, plus HANARJEE!

Dear Dr. Chieko:

My boyfriend is a sex maniac, he just can't keep his hands off me. How can I discourage him from doing this?

Signed,
 Been Touched

Dear Been Touched:

There are rare cases like this but one thing you can do is to buy him a fairly large sized Barbie Doll.

Dear Doctor Chieko:

God gave me the ugliest pair of legs in the world. I have bruises, razor marks and other things. What can I do to keep them pretty?

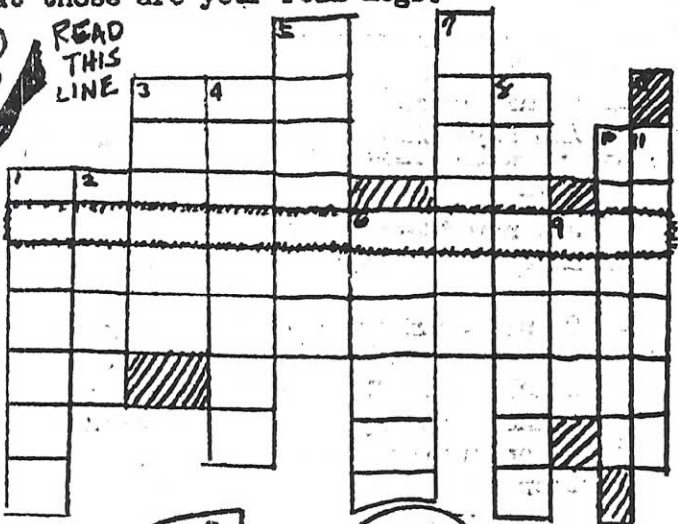

Signed,
 Chicken Drumsticks

Dear Chicken Drumsticks:

In order to solve your problem, buy a pair of skin-colored nylon stocking and wear them everyday. Everyone will think that those are your real legs.

Who is the greatest comedian in the world? Figure this puzzle and find out.

1. Yo-Hi Devils beat Zana _____.
2. The long and boring period (55 minutes).
3. What Yo-Hi needs. Cute _____.
4. Junior Class sponsor.
5. The most common place a guy would say he'll go to ditch classes.
6. The greatest school newspaper in the world.
7. Our great football coach.

RAH RAH'S FOR SALLY... RAH'S

Because of her absent mindedness, lack of common sense, and the plain laughs she gives to all the cheerleaders, we would like to dedicate the RAH-RAHS column this week to no one other than SALLY "GOOFY HAIR" MAYS.

Do you always walk into telephone poles?...Did you ever find your underwear at the Berkey Field House where you left it to be washed?...We heard that you never know what's going on at the games but jump up and down anyway. We guess anyone with 20/20 vision would miss what's going on, especially you....Next time you see something you like in the PX, pay for it before you run out with it to show everyone sitting in the cafe....Wasn't it embarrassing when you lost your bloomers and that lady found them in the bathroom?... How come you were so early for the ZAMA game?...Ever since you quit your hostess job your hair seems to be getting back to its normal color....(Sally if we were you we would kill Janet for telling us all this....)

VIKES STILL UNBEATEN 0000

The spirit was willing but the manpower wasn't quite up to it last Saturday as the Devils dropped their third football game of the season. A strong Chofu team kept their unbeaten string alive, 5-0, at the midpoint of the season.

Yo-Hi received the opening kick and brought the football up to their own twenty-five yard line. On the second play from scrimmage, quarterback GREGG VALDEZ executed a beautiful option to halfback BRYAN CHING who took the ball all the way into the endzone for what most people thought was a touchdown. In a disputed call, the referee ruled CHING stepped out of bounds and the ball was brought back to the CHOFU thirty-five yard line. Yo-Hi was unable to score and CHOFU took possession. The first quarter ended with CHOFU knocking on the DEVILS' door.

As the second quarter rolled on, so did the VIKINGS. They seemed to get stronger as the game rolled on. The VIKINGS drove down field, where from the two yard line ace halfback TONY REED bulled his way in for a CHOFU score. Before we knew it CHOFU was on top 22-0.

Starting the second half it looked like things might change but bad tackling and CHOFU breaks seemed to give the VIKINGS a little extra surge as they continued to score in both the third and fourth quarters. The final score CHOFU 36-0

Come support your team tomorrow when we get revenge on the YAMATO WARRIORS at Tachikawa--game time 1330.

MYSTERY

ATHLETE

This week we have the honor of interviewing one of Yo-Hi's super jocks. Our athlete is from MAUI (Hawaii) where he spent his first three years. Before coming to Yo-Hi he attended GEORGE DEWEY HIGH SCHOOL in the Philippines.

Our Mystery Athlete is currently a runner on the cross-country team and says he enjoys it very much. Asked what his main hobbies are he replied, "I like doing anything that's exciting and trying to get away with it." He can always be seen with Tom and Steve. The threesome are always together trying to stir up trouble.

We asked our Mystery Athlete what he planned to do after he graduates and he said, "I really can't say because my interests are apt to change anytime of the day." Asked about school, he said, "It's a drag but I guess I dig it."

If you haven't any idea who this person is look at the bottom of this page and the answer to your mystery will be solved.

How do you feel about marijuana dogs sniffing lockers?

I don't think it's right for marijuana dogs to come and sniff lockers without our knowing it. It just isn't right for a dog to come or even a person. At least they could have us standing by our lockers when they do have the dogs come by. But, another thing, we shouldn't have marijuana in our possession anyway.

A Yo-Hian

They shouldn't train dogs to do that. They shouldn't have any of this search to begin with. It's our lockers, so they shouldn't butt in to our privacy.

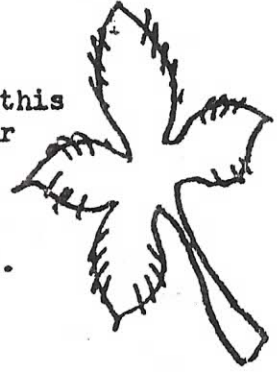

K.V.

I don't think they should check our lockers without our knowing it. I really think it's terrible how they do the whole thing.

No Name

I think it is good that they have dogs trained to be able to sniff out marijuana and go through lockers. I don't really mind because if you don't have anything you don't have anything to worry about.

No Name

We are against the marijuana dog and its masters going through our lockers while we are not present. Because things other than the school books are in our lockers and these are rented lockers we should be present!

Opinions on Study Halls.

We should have resource centers again and not have any study halls when a teacher is absent. We do get a lot out of study hall if we have work to do, but, otherwise, when we don't have anything to do, we just sit there bored to death. Also, I don't see why we have to go to class when a teacher is absent. If they are getting a break why can't we?

Some people ruined last year for resource centers. But, I feel the administration should give it another try. We, the student body of Yo-Hi, will show we can manage it this year. That is, if we can have another try.

Also, everyone should have a lunch period. Last year I didn't have one and it was really tough taking bites of my sandwich during the breaks. It was just impossible!

Signed,
Disappointed

STAFF WRITER'S OPINION ON STUDY HALLS!

I think the study halls are good to some extent, for it gives you a chance to study when you have a test that day. Also it gives you a chance to get a lot of your homework done. But, even though it has good points it has bad points. For instance sometimes you just can't concentrate no matter how hard you try and you wind up sitting there bored. Also when you wind up into problems it's usually in a subject that the teacher in the study hall can't help you with, because it's not his subject. I like how it was set up last year, because this gave the students a feeling of responsibility. There were who abused this but there were a lot who didn't. Also, students should be entitled to a free period once in a while other than lunch, because most people don't have lunch. I'm one of the lucky ones who have lunch but there are many who don't. Study halls are useful but I think resource centers were better.
